

# CITY MANAGER WEEKLY UPDATE REPORT ~ KENT MYERS

June 4, 2010

The Committee working on the consolidation study involving our Fire Department and Clallam County Fire District #2 has been making a lot of progress over the past several months. On June 24 the Committee will meet and hope to finalize their recommendations which will be provided to the Council for your consideration next month.

I had an opportunity to participate in a Police Department training exercise this week at the Care Center building at Race and 5<sup>th</sup> Streets. This exercise provided a real-life scenario for officers to practice their skills and abilities. I was impressed by both the quality of the training and the quality of our officers in responding to complex and emotional situations.

On Monday, Representative Lynn Kessler will be the speaker at the Chamber of Commerce luncheon. You are encouraged to attend this meeting to help express our appreciation to Lynn and her contributions to our community during her service in the legislature. The Mayor will present to personally thank her on the behalf of our community for her dedication to public service.

Please make sure to note that there will be a special Council meeting on June 29 (the 5<sup>th</sup> Tuesday) to discuss the budget and upcoming labor negotiations. On a related issue, I wanted to make you aware that Yvonne and her staff are working on a survey on budget priorities which we are proposing for mailing to local citizens in their utility bills. This survey will be provided to you at the next Council meeting for your approval.
