

Mystery Photo – Week 26

The clue was: This is a photo of a current city project. Can you identify what project this is and where it is located?

Answer:

This is the project to build new restrooms out at Lincoln Park. The project developed when the old restroom by the Longhouse burned down.

The Rotary Club, Parks Division, Port Angeles High School and Peninsula College students are all participating in the construction.

The City and Rotary will combine to finish the restroom.

Lincoln Park is a great place to visit. Learn more about Lincoln Park at:
